Recent news and remarks

In order to gain more visibility at the political and general levels, the RTA has been structured as an Association according to the Swiss Civil Code. In the future, it will be registered at the Swiss trade register. Together to this Newsletter, you will find the Statutes of the Association, in German and English, the former version being the reference document. It needs to be pointed out that this meeting is not yet a General Assembly but the following encounters will be: hence, this meeting is to be considered a transition meeting.

We look forward to meeting you next June 24, 2019, 14h-16h in Bern.
